RE: Independent investigations

Dear Folks,

Continued leaks, accusations, and counter accusations have left a haze of conjecture surrounding our Association. It is our duty as a duly elected Board of Directors to dispel this cloud, right the Association's path and restore the trust of our members.

Because of our dedication and loyalty to the NRA, the Answer and Counterclaim filed on behalf of Oliver North, in the case of National Rifle Association v. Oliver North, compels us as Board Members – legally bound by our fiduciary duty of care – to act. To ensure that we are fully and accurately informed about the financial health of the Association, we must make the following requests.

First, that the NRA engage outside professionals to conduct an independent, internal investigation and confidential audit into the allegations of financial misconduct. Second, that the NRA conduct an outside, independent review of the millions of dollars in payments to Brewer, Attorneys & Counselors for legal fees. Third, pursuant to NRA Bylaw Article IV, Section 2, Board of Directors, Powers and Duties, that an Outside Independent Special Committee be formed, tasked with investigating and addressing the problems identified above, and required to report its findings and recommendations to the entire Board of Directors.

With this degree of scrutiny and transparency, the Board can fulfill our legal obligations, remove all doubt regarding our Association's direction, and allow us to return to our mission of protecting our Second Amendment.

Yours for freedom,

/S/ Sean Maloney
